### **Incident Reporting**

IMACS V Incident Reporting Module defines an incident and provides screens for the entry of:

- Participants – lists the inmates involved with the incident
- Incident Report – Defines the inmate’s participation
- Witness statements
- Investigation Report
- Supplemental Reports from officers other than the reporting officer
- Strip authorization and collection of details
- Use of Control definition and reporting
- Disciplinary Hearing

IMACS V Incident Reports are searchable by inmate, facility date range, reporting officer, incident type, location of incident and shift incident occurred on.

IMACS V Incident Report, Disciplinary Hearing, provides entry of pleas and findings for each rules violation the inmate has on the Incident Report. The Pleas & Findings provides status and description of the Inmate’s Appeal as well as plea, finding and sanction details.

IMACS V Incidents that have an open status are presented on a status reports or on IMACS V Status Boards. The IMACS V Work Flow module can also generate email notification.
